RESEARCH PROJECTS & ECONOMETRIC WORKING PAPERS

Comparative Macroeconomic Data Lab (GEA) — Founder & Lead Student Researcher

10th–11th Grade, 8 hrs/wk, 36 wks/yr (2025–Present)

Founder & Developer; Live Web Lab: ege211.github.io/macroeconomic-data-lab | GitHub: github.com/ege211/macroeconomic-data-lab

- **Live API & Dual Simulators:** Engineered an interactive web laboratory retrieving live **World Bank API v2** feeds (GDP growth, CPI inflation) across 5 economies (2019–2023), featuring a *2024–2025 Cross-Country Scenario Simulator* and a *WP-01 AR(1) Inflation Persistence & Shock Half-Life Simulator* ($\beta = 0.72$, half-life $t_{1/2} = 2.11$ years vs. 0.58 years in anchored regimes).
- **10-Paper Research Corpus:** Authored and published 10 full-text working papers, empirical essays, and methodological research notes across 4 thematic pillars, accompanied by a 6-work theoretical reading list (Acemoglu & Robinson, Gali & Gertler, Taylor, Piketty, SPK III-52.1, Porter).

A Machine-Learning-Based Early Warning Framework for Systemic Banking Crises

11th Grade, 10 hrs/wk, 12 wks/yr (2026)

- **Investigator;** Evaluated macro-financial indicators across a balanced panel of **76 World Bank economies (1990–2025; 684 out-of-sample evaluations)** using penalized Logistic Regression and Random Forest within a leak-free expanding-window validation pipeline ($T = 2000–2008$; 2.78% crisis base rate).
- **Key Finding:** Demonstrated that adding credit-to-GDP leverage and external deficits more than doubled pooled recall to **47.37%** (vs. 21.05% baseline), while diagnosing an out-of-sample ranking breakdown (**ROC-AUC = 0.2301**) outside the 2007 pre-GFC cluster.

AI-Assisted Equity Valuation: A Walk-Forward Study on SEC Form 10-K Filings

11th Grade, 10 hrs/wk, 10 wks/yr (2026)

- **Investigator;** Extracted 12 linguistic dimensions across **30 S&P large-cap firms (2014–2024)** via a five-tier SEC EDGAR XBRL normalization cascade linked to a deterministic DCF/Reverse DCF valuation bridge (*valuation_bridge_v1.0*); proved out-of-sample that 10-K text signals yield **zero incremental predictive power** over trailing fundamentals ($p = 0.2335$), with unconstrained text inducing **-13.14% degradation**.

Strategic Capital Allocation in Investment Banking: G-SIBs vs. Advisory Boutiques

11th Grade, 8 hrs/wk, 10 wks/yr (2026)

- **Investigator;** Hand-collected **540 audited observations across 40 SEC Form 10-K filings (2020–2024)** disclosing **\$233.2B in shareholder distributions** (\$113.8B dividends, \$119.3B repurchases); identified near-zero ROE correlation in BHCs ($r = -0.049$) vs. negative margin correlation in boutiques ($r = -0.403$) driven by Basel III **CET1 buffers (13.1%–17.4%)** vs. talent-retention liquidity.

Inflation Persistence (WP-01) & Arsenal FC Longitudinal Sports Finance Study

11th Grade, 6 hrs/wk, 16 wks/yr (2026)

- **Cross-Country Panel (WP-01):** Estimated dynamic panel regressions across **45 economies (2000–2023)**, identifying emerging-market inflation persistence of **$\beta = 0.72$** and a 2–4 quarter policy transmission lag ($\gamma < 0$).
- **Arsenal FC Study (2015/16–2024/25):** Integrated 10 seasons of audited accounts, **128 transfers**, and *Understat* $xG/xPTS$; showed transfer spend correlates with tactical process ($xGD\ r = +0.5982$; $xPTS\ r = +0.6189$) rather than noisy match points (PPG $r = +0.3911$), while refuting single-club wage dominance ($r = +0.0516$).

Macroeconomic Policy, Market Microstructure & Strategy Essays (Published on Data Lab)

10th–11th Grade (2025–2026)

- **Borsa Istanbul — Fragility of Liquidity (2026):** Analyzed retail equity inflows (2022–2023), the May 2026 liquidity contraction, mutual fund redemption spirals under **SPK Communiqué III-52.1**, and corporate bond (*tahvil*) risk pricing.
- **Monetary & Political Economy Essays:** Authored *Exchange Rate Pass-Through in Emerging Markets* (ERPT 0.38 vs. 0.09), *The Credibility Gap, The Lira Doesn't Lie, The Paradox of Petrowealth* (Venezuela vs. Norway/GCC), *Contested Terrain* (Card & Krueger, Piketty $r > g$), and the *Inditex (Zara) VRIO/Five Forces Case Study*.
