

EGE UMUT CAN

Istanbul, Turkey | FMV Işık High School (Class of 2027)

Portfolio: [ege211.github.io/macroeconomic-data-lab](https://github.com/ege211) | GitHub: github.com/ege211

Department: Economics, Business & Finance

EDUCATION & QUALIFICATIONS

FMV IŞIK High School, Ispartakule Campus, Istanbul/ Turkey

Sept 2023 – June 2027

- **Overall GPA:** 90.0 / 100.0 (Awarded Honour / High Honour Certificates)
- **AP Courses:** AP Microeconomics, AP Macroeconomics, AP Calculus, AP Psychology
- Developed a strong interest in how economic policies, inflation, and business strategies affect everyday life and decision-making.

SUMMER SCHOOLS & ONLINE COURSES:

Docklands Academy London Summer School, London/ UK

9th–10th Grade, 20 hrs/wk (June 2024 – 2025)

Student; Enrolled in the intensive English and cultural immersion summer program in London with a strong desire to improve my academic communication skills, experience living abroad, and build friendships with students from around the world.

- Completed progressive upper-intermediate and advanced English modules, earning official **CEFR B2, B2+, and C1** certificates accredited by the British Council and BAC.
- Participated in interactive classroom debates, group presentations, and academic writing workshops that helped me express my thoughts naturally and confidently in English.
- Immersed myself in a multicultural campus environment, collaborating with international peers and learning to communicate across different cultural perspectives.
- Explored London's major historical, cultural, and financial landmarks—including Canary Wharf, the City of London, Greenwich, and British museums—gaining a deeper appreciation of the UK's academic and business culture.
- Developed personal independence, self-reliance, and adaptability by navigating daily life in London outside my comfort zone.

Bank of America & Goldman Sachs Virtual Experience Programs (Forge)

11th Grade, 5 hrs/wk (June – Sept 2026)

Participant; Completed three self-paced online banking simulations (*BofA Global Markets*, *BofA Private Bank*, and *Goldman Sachs Risk Analysis*) to understand how financial institutions serve clients and manage risk.

- Learned how sales and trading teams follow daily market news and prepare clear investment summaries for clients.
- Practiced matching long-term family savings goals with appropriate investment strategies in the Private Bank module.
- Explored how risk analysts evaluate company balance sheets and real-estate investments before making lending decisions.

WORK EXPERIENCE & INTERSHIPS:

TEB Arval (BNP Paribas Group), Istanbul/ Turkey

11th Grade, 40 hrs/wk, 1 wk (19–26 Jan 2026)

Intern; Completed a winter internship at TEB Arval Head Office in the Fleet Sales, Operations, and Human Resources departments to observe how a large multinational company operates.

- Observed how corporate fleet leasing works from start to finish, including how sales teams prepare proposals and manage long-term client relationships.
- Worked alongside the Human Resources and Operations teams, learning how different departments coordinate daily tasks and solve organizational bottlenecks.
- Gained firsthand experience in workplace communication, time management, and adapting quickly to a professional corporate environment.

Haber Tekstil Dış Ticaret (Bohoo Textile Supplier), Istanbul/ Turkey

11th Grade, 35 hrs/wk, 2 wks (Jan – Feb 2026)

Intern; Assisted the Export Department to learn how Turkish textile manufacturers trade with international retail brands.

- Observed how export documents, customs procedures, and shipping schedules are prepared for European fashion clients.
- Learned that in international business, competing only on low prices is not enough—building trust and delivering orders on time are what keep long-term customers.

Hazev Restaurant, Canary Wharf, London/ UK

9th–10th Grade, 15 hrs/wk (Summer 2024 / 2025)

Voluntary Intern; Completed a certified voluntary work experience placement at a busy restaurant located in London's Canary Wharf financial district.

- Observed fast-paced front-of-house operations during peak lunch and dinner hours, where corporate professionals and local guests dine.
- Assisted with guest welcoming, table organization, and communication between the service team and the kitchen under high time pressure.
- Learned how teamwork, speed, and staying positive during busy hours directly shape customer satisfaction in the restaurant industry.

Limehouse Library Hotel, London/ UK

9th–10th Grade, 15 hrs/wk (Summer 2024 / 2025)

Voluntary Intern; Completed a certified voluntary work experience placement at a historic, library-themed boutique hotel in East London.

- Observed front-desk reception duties, guest check-in/check-out procedures, concierge assistance, and daily coordination with housekeeping teams.
- Experienced how a boutique hotel creates a calm, personalized atmosphere for international travelers, which required a very different pace and attention to detail compared to a busy restaurant.
- Improved my spoken English and problem-solving skills by helping international guests with daily inquiries and local directions.

RESEARCH PROJECTS & ACADEMIC WRITING:

Macroeconomic Data Lab Website & Student Essays

10th–11th Grade, 6 hrs/wk, 30 wks/yr
(2025–Present)

Founder & Student Writer; Created a personal website (ege211.github.io/macroeconomic-data-lab) to combine my economics essays with public World Bank data.

- Built interactive charts comparing GDP growth and inflation across five countries (Turkey, the US, Germany, the UK, and Japan) from 2019 to 2023 so visitors can see how different economies reacted to the post-pandemic period.
- Wrote student essays and research notes exploring topics I witness in daily life, such as why inflation stays high when people lose trust in monetary policy (*The Credibility Gap*), how currency changes affect import prices, and how retail investors behave on Borsa Istanbul.
- Learned how to question headlines with real data, cite foundational economics books (such as Acemoğlu & Robinson and Taylor), and openly explain the limits of simple economic models.

Independent Data & Business Case Studies (Banking, Valuation, Inditex & Arsenal FC)

11th Grade, 6 hrs/wk, 24 wks/yr
(2025–2026)

Student Researcher; Conducted self-directed projects using Python and public company reports to practice applying classroom concepts to real-world industries.

- **Football Finance (Arsenal FC):** Combined my passion for football with economics by comparing 10 seasons of Arsenal's transfer spending and match statistics, learning that smart recruitment improves team performance over time even when single-match results are unpredictable.
- **Retail Strategy (Inditex / Zara):** Studied how Zara's fast 2–3 week supply chain helps it avoid unsold inventory, while discussing the environmental and competitive challenges of fast fashion.
- **Banking & Financial Statements:** Explored historical banking crisis data from the World Bank and read annual company reports (10-K filings) to understand how banks manage capital and why simple financial ratios are often more reliable than complex text analysis.

COMMUNITY INVOLVEMENT PROJECTS:

Sister School Annual Book Collection Campaign (Kardeş Okul Projesi), Istanbul/ Turkey

9th–11th Grade, 4 hrs/wk, 8 wks/yr
(2023–Present)

Volunteer & Organizer; Participated every year in our school's book collection campaign to support students at under-resourced sister schools across Turkey.

- Encouraged classmates across 9th, 10th, and 11th grades to donate textbooks, storybooks, and study materials to help build school libraries.
- Sorted, packed, and organized donated books by grade level, learning the importance of teamwork, empathy, and contributing to equal educational opportunities.

SPORTS, MUSIC & EXTRACURRICULAR ACTIVITIES:

FMV Işık High School Football Team — 3rd Place Medal, Istanbul/ Turkey

9th–11th Grade, 4 hrs/wk, 32 wks/yr
(2023–Present)

- Played on the school football team and won the **3rd Place Bronze Medal** in the Istanbul Inter-District High School Football Tournament.
- Learned how to stay disciplined, support teammates after setbacks, and balance regular training sessions with school exams.

Piano Practice & Performance

9th–11th Grade, 2 hrs/wk, 40 wks/yr
(Ongoing)

- Practiced playing classical and modern piano pieces, which helped me develop patience, focus, and a creative routine outside schoolwork.

SKILLS, INTERESTS & PERSONAL DETAILS:

- **Languages:** Turkish (Native), English (Advanced / CEFR C1 — Certified by Docklands Academy London, B2, B2+ & C1).
- **Computer & Technical Skills:** Python (basic data analysis), Excel, PowerPoint, HTML/JavaScript (building simple web charts), GitHub.
- **Hobbies:** Playing football, playing the piano, reading books on economics and psychology, following football tactics and financial news.
- **Personal Details:** Date of Birth: January 17, 2008 | Place of Birth: Istanbul, Turkey | Nationality: Turkish.
